

Two Phase Body Oil

This two-phase luxurious spa type oil provides deep moisturizing properties without the heavy oily feeling. The aqueous gel phase contains Creanatural® Caviar extract which is rich in Omega-3 and Vitamins. Hydrasoft® Pine is a film former that provides soft aqueous textures and moisturizes the skin. Oil phase is build of Creanatural® LAQ, which is combination of strong anti-oxidant Meadowfoam Seed Oil and Vegetable Squalane. Dedraflow® 5 is a hypoallergenic and volatile emollient with similar skin feel and volatility profile as Cyclomethicone. Creasil® ID and IH contribute to light application qualities while Dedraflow® 325 brings ultra smooth silkiness and improves the playtime leaving the skin silky soft.

Ingredients	INCI Name	Qty%	Supplier
Phase A			
Dedraflow® 5	Hydrogenated Polyisobutene	10,80	1)
Creasil® ID CG	Isododecane	11,00	1)
Creasil® IH CG	Isohexadecane	13,00	1)
Meadowfoam Seed Oil®	Limnanthes Alba (Meadowfoam) Seed Oil	1,50	1)
Creanatural® LAB	Limnanthes Alba (Meadowfoam) Seed Oil (and) Squalane	1,50	1)
	Essential Oil	0,10	
	Tocopherol Acetate	0,10	
Dedraflow® 325	Hydrogenated Polyisobutene (and) Dimethicone	2,00	1)
Phase B			
	Water	q.s.	
	Glycerine	2,00	
	Propylene Glycol (and) Chlorophenesin (and) Methylisothiazolinone (and) water	0,70	
	Sodium Chloride	1,00	
Hydrasoft® Pine	Water (and) Hydroxyethylcellulose	30,00	1)
	Benzophenone-4	0,80	
Creanatural® Caviar Sevruga	Butylene Glycol (and) Caviar Extract	0,20	1)
FD & C Blue 1 (0,15% in H ₂ O)	Water (and) CI 42090 (Blue 1)	0,20	1)
FD & C Yellow 5 (0,15% in H ₂ O)	Water (and) CI 19140 (Yellow 5)	0,20	1)
	Disodium EDTA	0,05	

* Preservative systems is tailor made upon customer's request

Procedure:

1. Keep phase A under agitation until homogeneous.
2. Keep phase B under agitation until homogeneous.
3. Do the filling of the phase A and phase B.
