Smooth Relaxing Oil & Scrub
Microcirculation : -78%, after 300 s (In Situ relaxation test)

Description:

“Smooth Relaxing Oil & Scrub” is a skin care formula that was developed to calm and soothe sensitive skins. TIC Meadowfoam® MD ISO 16128 is rich in essential fatty acids and antioxidants. Hence, it reduces redness and irritations. Nordic Beauty Flaxseed Scrub allows a soft and gentle exfoliation, which removes dead cells and skin impurities.

Key ingredients:

- TIC Meadowfoam® MD ISO 16128, extracted from the seeds of *Limnanthes Alba*, is an extremely stable natural oil that complies with the ISO 16128 standard. It repairs, moisturises and soothes the skin thanks to its high percentage of fatty acids and natural antioxidants.
- Creagel® Crystal 10 ISO 16128 is an anhydrous gel based on a mixture of synthetic and natural thickened lipids. It is a transparent viscosity modifier and film former. It forms a pseudoplastic film on the skin, which leaves a silky and smooth after feel.
- Nordic Beauty Flaxseed Scrub is a fully natural option for exfoliating products. It gently exfoliates the skin and reduces redness and irritation due to its high content of omega-3.

Ingredient	Phase	INCI Name	Qty%	Function
TIC Meadowfoam® MD ISO 16128	A	Limnanthes Alba (Meadowfoam) Seed Oil	25,70%	Moisturising, Emollient, Soothing
