## Super Fresh AHA Peat Scrub, Rowanberry Extract

### Description:

Mask based on nature's super power products, Nordic Beauty Peat and AHA-BSC® SAP. This chemically exfoliating mask provides long-term moisturization and leaves the skin fresh while removing the dead skin cells.

### Key ingredients:

- Nordic Beauty Peat is a fully natural product rich in humic and fulvic acids. Peat also contains bio-minerals, trace elements, vitamins, amino acids and fatty acids and provides deep moisturization.
- Nordic Beauty Birch Sap is a pure, bio-active fluid from the Nordic nature. It is full of vitamins and other biologically active substances, and acts as an effective moisturiser and film former.
- AHA-BSC® SAP is a chemical exfoliator with AHA fruit extracts solubilized in Nordic Beauty Birch Sap, which is a NADES solvent. Birch Sap naturally contains acids hence it boosts the performance of the AHA fruit extracts.

Ingredient	Phase	INCI Name	Qty%	Function
Nordic Beauty Peat	A	Peat (and) Preservative system according to customer's choice	40,00%	Moisturizer
